

August 24, 2020

Dear Voters of the Second District:

I am writing this letter to support Regenia Frison-Jones for the position of FWCS Board member for the Second District.

I have known Regenia personally and professionally for a number of years. I find her to be a self-starter, critical thinker, responsible, organized and a good communicator. Additionally, she has a love of young people, family and community, which is crucial for a school board member.

The school board is a place where individuals frequently try their hand at playing politics and attempt to impose their own agendas and questionable biases on the educational system. I guarantee you that Regenia's only agenda will be to look after the well-being of the students not only of the Second District, but the District as a whole.

Although I don't live in the Second District and can't vote for Regenia, I am encouraging my friends, colleagues and family who do to vote for her.

Sincerely,

Pat Turner, Wayne Township Board Member
